

The Secret life of Soots

By Lauren for
Aunty Ann

Chapter 1- Soots

Soots is a normal cat with a normal mind in a normal brain. Or is he? He's a cat who travels the world's biggest cities and does lots of extraordinary things you wouldn't dream of a cat doing.

In the middle of the night I saw a black shadow leaping into a taxi which was going to London. Then it clicked! The black shadow was a cat. A black cat with crinkled, mischeivious, green eyes. It was Soots! As the taxi drove off, a series of worrying images flickered through my mind 1) Soots had got caught and locked in a cell full of animals who had obviously had a hard time with their other owners and had been beaten up before being thrown into the cell or 2) Soots had got thrown out of the taxi and couldn't find his way home so was left on the streets to starve!

No! No! No! He will be fine! I reassured myself, he will be having a great time.

Chapter 2- Soots' get away

That was my owner talking then, Lauren. It's me. Soots. Yes, I know how to talk when no one's there. I try to talk to Lauren all the time but it never works. Lauren is my favourite person in the world! She has big, dark brown eyes and dark blonde hair below her shoulders but the best thing about her is her smile! It makes everyone happy!

Anyway, I have just arrived in London and wow, I now know why Lauren can't stop talking about it all the time! It's beautiful! It has the most amazing skyscrapers, magnificent older buildings like big ben well, big ben is actually just the bell but nevermind! Oh, and the Houses of Parliament are just great! I'm Prime Minister of all the cats! Infact, I'm just about to meet one. Come and see my cat friend!

Spots is my best friend and he can talk too so he is going to introduce himself because he is going to be in the rest of the story!

Chapter 3- Spots

I'm Spots Soots' bestie! I have black fur too but I have two white patches on my tail so that's why I'm called Spots! I live in Rotherhithe, London, near Lauren's Aunty. Soots said Lauren told him about her and her flat! Infact I live so close to her I'm only two doors away! I have seen her before and she does seem a nice, funny lady! Anyway Soots is going to tell you the rest of our story now.

Thanks Spots, so we are going to a boxing arena for cats. No human or other animal knows about it accept for Bulldozer the bullying Bulldog! I'm up against him tonight and I'm going to show him who's boss! You will hear him in a minute. Sadly!

'Oh look it's the puny, pussy cats again! Ready for the big fight tonight 'cos I'm going to smash you Sooty!'

No I think you'll find I am going to smash you up big bonse!

Yep. That was bulldozer and he means business but the fight is about to start now and I'm pretty confident!

Chapter 4- the big fight

Its 9:00pm now and I am in the ring! I'm still confident but I have got a bit nervous now because Bulldozer looks even tougher and stronger here. Spots is in the crowd and is cheering me on. Oh, the fight is starting! I think I can beat bulldozer even though he is coming at me right now at full speed. Oh no! Oh no! Oh no! AAAAAARRRRRGGGHHH!!!

Chapter 5- The accident

I can't see anything. My leg feels like its snapped right off. I can hear voices now. Its Spots, a human, two humans! Oh no! I need to see where I am! I have opened my eyes and I'm in what looks like an animal rescue vehicle. I'm lying on a bed that feels like the sofa when the springs have gone and there are people everywhere! Hang on, they are trying to say something. 'We are trying to save your life little puss. It looks like you've broken your leg but don't worry, your friend here is coming to the vets with you too.' 'Yes, I am Soots. Your leg is so badly broken that you need a vet that can do scientific surgery on it so we are going to Newyork!' What!?! Newyork! Wow! I actually can't wait!

Chapter 6- NYC

It's been two months since my big accident so my leg is nearly back to normal now. The vet said she will have to find a NEW HOME for me and Spots!!! We have to get out of here and fast! Our owners will be worried sick so we need to try and get back home in a few days. Today we are going to look around the city so we are about to escape! Spots has found a vent in the wall so we are going to squeeze through there and out the other side. We are going through now. Its very dusty, smelly and rusty but luckily, we can see the end!

Yes! We are out and in the city. The buildings are wonderful, even better than London because they are higher and more modern. This is the reason why Lauren wants to come here one day. Lauren loves everything modern! We have just gone past trump towers and Laurens favourite building, right near the sea. Newyork is great! But we need to come up with a way of letting our owners know we are ok and I've got just the thing!

Chapter 7- The rapping cats!

Spots and I could become rapping cats and rap in the streets. When people see us, they will think that it's not normal so they will put it on the news and our owners can see we are fine!

First let's rap about two cities we know.

We in London, we in Southwarke.

We in Harlem, we in Newyork!

Yes! that's it! We have got a rap. Now we need to do it out loud for people to hear! Hopefully it won't just be meows!

Chapter 8- The famous cats!

We have been rapping for a week now. The people love it and we have found out that when we rap, we can talk! People are gathering in like a crowd and taking photos and videos. There is even a camera crew. It says something on their camera. *WOW* they are from the *GLOBAL NEWS!* We did it! We are famous! Hopefully our owners saw us too. Now we need to get back home because we are a bit late! Oh! I can see a plane landing. Let's sneak on that Spots!

Chapter 9- The last chapter! (nearly)!

We are in London now and Spots is just going into his flat! 'Bye soots! See you soon'! Bye Spots! Now I need to jump on a train and then get into a taxi to get home!

The train is surprisingly quiet for a monday evening but that's a good thing! I'm hiding under a cramped, ripped seat that smells like rotten food but at least no one has found me!

I'm now in a taxi and the driver should get sacked! He is smoking with the windows closed and swearing at the poor passenger! At least I am home soon!

Chapter 10- The last chapter! (definitely)!

I am home! Lauren is very, very, very happy to see me! She came running when she saw me! Now I need to tell her that I won't be gone for that long ever again by rapping so she understands me.

'Wow he can rap! He's a seriously cool cat!'

Yes Lauren I am a cool cat and don't worry, I'll be chillin at home for a while now!

THE END
